PARTS MANUAL

CALIFORNIA
Proposition 65 Warning

Diesel engine exhaust and some of its constituents are known to the State of California to cause cancer, birth defects and other reproductive harm.

 WARNING

The engine exhaust from this product contains chemicals known to the State of California to cause cancer, birth defects or other reproductive harm.

Californie Proposition 65
Avertissement

Les échappements des moteurs diesel et certains de leurs composés sont reconnus par l'Etat de Californie pour être cancérogènes, provoquer des défauts congénitaux et d'autres dangers en matière de reproduction.

 AVERTISSEMENT

L'émission du moteur de ce matériel contient des produits chimiques que l'Etat de Californie considère être cancérogènes, provoquer des défauts congénitaux et d'autres dangers en matière de reproduction.

California Advertencia
de la Proposicion 65

El estado de California hace saber que los gases de escape de los motores diesel y algunos de sus componentes producen cáncer, defectos de nacimiento y otros daños en el proceso de reproducción humana.

 ADVERTENCIA

El estado de California hace saber que los gases de escape de este producto contienen productos químicos que producen cáncer, defectos de nacimiento y otros daños en el proceso de reproducción humana.

CALIFORNIA
Proposition 65 Warning

Battery posts, terminals, wiring insulation, and related accessories contain lead and lead compounds, chemicals known to the State of California to cause cancer and birth defects or other reproductive harm.
WASH HANDS AFTER HANDLING.

IMPORTANT MESSAGE

Thank you for purchasing this Schiller Grounds Care, Inc. product. You have purchased a world class product, one of the best designed and built anywhere.

This machine comes with an Owner / Operator's Manual and an Illustrated Parts Manual. The useful life and good service you receive from this machine depends to a large extent on how well you read and understand these manuals. Treat your machine properly, lubricate and adjust it as instructed, and it will give you many years of reliable service.

Your safe use of this Schiller Grounds Care, Inc. product is one of our prime design objectives. Many safety features are built in, but we also rely on your good sense and care to achieve accident-free operation. For best protection, study the manuals thoroughly. Learn the proper operation of all controls. Observe all safety precautions. Follow all instructions and warnings completely. Do not remove or defeat any safety features. Make sure those who operate this machine are as well informed and careful in its use as you are.

See a Schiller Grounds Care, Inc. dealer for any service or parts needed. Schiller Grounds Care, Inc. service ensures that you continue to receive the best results possible from Schiller Grounds Care, Inc. products. You can trust Schiller Grounds Care, Inc. replacement parts because they are manufactured with the same high precision and quality as the original parts.

Schiller Grounds Care, Inc. designs and builds its equipment to serve many years in a safe and productive manner. For longest life, use this machine only as directed in the manuals, keep it in good repair and follow safety warnings and instructions. You'll always be glad you did.

NOTICE !!!

Unauthorized modifications may present **extreme** safety hazards to operators and bystanders and could also result in product damage.

Schiller Grounds Care, Inc. strongly warns against, rejects and disclaims any modifications, add-on accessories or product alterations that are not designed, developed, tested and approved by Schiller Grounds Care, Inc.'s Engineering Department. Any Schiller Grounds Care, Inc. product that is altered, modified or changed in any manner not specifically authorized after original manufacture—including the addition of “after-market” accessories or component parts not specifically approved by Schiller Grounds Care, Inc.—will result in the Schiller Grounds Care, Inc. Warranty being voided.

Any and all liability for personal injury and/or property damage caused by any unauthorized modifications, add-on accessories or products not approved by Schiller Grounds Care, Inc. will be considered the responsibility of the individual(s) or company designing and/or making such changes. Schiller Grounds Care, Inc. will vigorously pursue full indemnification and costs from any party responsible for such unauthorized post-manufacture modifications and/or accessories should personal injury and/or property damage result.

This symbol means:
ATTENTION!
BECOME ALERT!

Your safety and the safety of others is involved.

Signal word definitions:

The signal words below are used to identify levels of hazard seriousness. These words appear in this manual and on the safety labels attached to Schiller Grounds Care, Inc. machines. For your safety and the safety of others, read and follow the information given with these signal words and/or the symbol shown above.

⚠ DANGER

DANGER indicates an imminently hazardous situation which, if not avoided, **WILL** result in death or serious injury.

⚠ WARNING

WARNING indicates a potentially hazardous situation which, if not avoided, **COULD** result in death or serious injury.

⚠ CAUTION

CAUTION indicates a potentially hazardous situation which, if not avoided, **MAY** result in minor or moderate injury. It may also be used to alert against unsafe practices or property damage.

CAUTION

CAUTION used without the safety alert symbol indicates a potentially hazardous situation which, if not avoided, **MAY** result in property damage.

This diagram illustrates the assembly of a hydraulic system, showing the relationship between various components. The components are numbered 1 through 64. Key parts include:

- Hydraulic Cylinders:** Components 1, 3, 4, and 6 are hydraulic cylinders. Component 6 is at the top left, while 1, 3, and 4 are distributed throughout the lower half of the diagram.
- Valves and Manifolds:** Components 2, 3, 4, 5, and 6 are likely valves or manifolds that control the flow of hydraulic fluid.
- Hydraulic Lines:** Numerous lines (e.g., 10, 14, 15, 25, 26, 27, 28, 30, 32, 33, 34, 35, 36, 37, 38, 39, 40, 42, 43, 44, 45, 46, 47, 48, 49, 50, 51, 52, 53, 54, 55, 56, 57, 58, 59, 60, 61, 62, 63, 64) connect the cylinders and valves, representing the hydraulic circuit.
- Oil Cooler:** A label "TO OIL COOLER" is located at the top right, indicating the direction of fluid flow to the cooler.
- Other Components:** Various fittings, seals, and structural parts are shown, including a reservoir (8) and a pump/motor unit (9).

The diagram uses dashed lines to show the assembly path and alignment of the components.

This diagram is an exploded view of a mechanical assembly, showing various components and their relative positions. The parts are numbered as follows:

- Top Section:** Includes a container (37) with a dipper (50), a vertical rod (18) with a handle (17), and a control lever (15) with a spring (16).
- Central Assembly:** Features a main body (1) with a top plate (2) and a base (22). It includes a motor or actuator (8) with a label "440J". Other components include a bracket (11), a plate (14), a support (13), and a base plate (26).
- Right Section:** Shows a component (19) with a knob (34) and a base (38).
- Bottom Section:** Includes a large frame (56) with a motor or actuator (52) and a base (55). It also features a bracket (43) and a support (58).

The diagram uses dashed lines to indicate the assembly path and relative positions of the components.

* NOT ILLUSTRATED

This exploded view diagram illustrates the assembly of a vehicle chassis. The central component is the chassis frame (2), which is shown with various mounting points and structural reinforcements. Key components include:

- Wheels and Tires:** Two large, treaded tires (6) are shown at the front and rear, mounted on wheels (7).
- Engine and Drivetrain:** The engine (1) is mounted on the chassis, connected to the transmission (3) and drive shaft (4). The drive shaft is connected to the rear axle (5) and the rear wheel (7).
- Steering and Suspension:** The front suspension (13) and steering knuckle (14) are shown, along with the front wheel (6). The rear suspension (15) and steering knuckle (16) are also depicted.
- Braking System:** The brake master cylinder (17) and brake lines (18) are shown, connecting to the brake calipers (19) and brake pads (20).
- Chassis Components:** The chassis frame (2) is shown with various mounting points for the engine, transmission, and suspension. The chassis (3) is shown with various mounting points for the engine, transmission, and suspension.
- Fasteners and Hardware:** Numerous bolts (10), nuts (11), washers (12), and other hardware are shown, indicating the assembly points for the various components.

The diagram uses dashed lines to show the alignment and assembly sequence of the parts. The numbered parts are as follows:

- 1: Engine
- 2: Chassis frame
- 3: Transmission
- 4: Drive shaft
- 5: Rear axle
- 6: Tire
- 7: Wheel
- 8: Bolt
- 9: Nut
- 10: Washer
- 11: Bolt
- 12: Washer
- 13: Front suspension
- 14: Steering knuckle
- 15: Rear suspension
- 16: Steering knuckle
- 17: Brake master cylinder
- 18: Brake line
- 19: Brake caliper
- 20: Brake pad
- 21: Bolt
- 22: Nut
- 23: Bolt
- 24: Washer
- 25: Bolt
- 26: Nut
- 27: Washer
- 28: Bolt
- 29: Nut
- 30: Washer
- 31: Bolt
- 32: Nut
- 33: Washer
- 34: Bolt
- 35: Nut
- 36: Washer
- 37: Bolt
- 38: Nut
- 39: Washer
- 40: Bolt
- 41: Nut
- 42: Washer
- 43: Bolt
- 44: Nut
- 45: Washer
- 46: Bolt
- 47: Nut
- 48: Washer
