

INTRODUCTION: This instruction sheet covers the installation of the muffler kit for the 37 HP Kawasaki Engine.

ASSEMBLY INSTRUCTIONS:

- 1.. Remove current muffler and set aside muffler mounting nuts and washers. Discard muffler.
2. Install new muffler (3) as shown in Figure 1, with hardware set aside in step 1.
3. Install mounting brackets (1 & 2) on the left hand and right hand mounting pads of the engine respectively using bolts (4) as shown.
- 4.. Secure the muffler to the muffler mounting brackets attached in step three using bolts (4) and nuts (5).

SERVICE PARTS LIST

ITEM	PART NO.	DESCRIPTION	QTY
