Top Feed Fuel Tanks

ISSUE: Current ZT 200 series mowers utilized Fuel tanks which had the fuel petcock at the bottom of the tank. This style tank has been discontinued in favor of the Top Feed tanks like we use on the Fast Cat. When parts supplies have been exhausted, all orders for the bottom feed tanks listed below will be filled with Top Feed tanks. This requires an additional four feet of gas line, part number 4162977-016.

ACTION REQUIRED: When your stock is exhausted, supersede the following parts in your system:
